

# Scuba 2000

The Perfectionists

## Base Leader's Editorial

November 2012

Hi, one and all at Scuba 2000; and a big welcome to this, our last newsletter of 2012.

This time we are dedicating our newsletter to look back at the year 2012, as well as looking at what 2013 has in store for us at Scuba 2000. We also have some great gift ideas for Christmas for some of the best brands in diving like Poseidon, Cressi, and Northern Diver. And if its to late you could always buy your loved ones and friends a gift voucher ....

First and foremost, we would like to thank all who have done courses with us, visited us this year and done trips bought kit through Scuba 2000; helping us to stay in business and be there for all our friends and customers in the future. Our gratitude also goes to our Crew, who helped us with their dedication and flexibility through rough times, as well as the good times.

Look at the diary dates for 2013 we have confirmed some trips already please let us know what you want to book on as they fill fast.

Don't forget to renew your membership for 2013 if you have not done already!!!

This will bring many benefits that are ONLY available to club members but helps keep the club going, this is separate to the dive school.

Scuba 2000's reputation best value for money dive schools and club has its roots in our genuine love of diving. We understand your needs for tailor made, unlimited tuition, courses with no price on safety. Safety as most of you know will always be our number one priority, then the great fun and good diving.

We never get complacent. Our research is always done consulting with our crew / club and divers like you to assess which direction to take in the future.

Well that's it from me (KP).

Have a Merry Christmas, a wonderful New Year; and happy safe diving in 2013.

### Hairdressing @ Home

Are you house-bound or just find it difficult to get out?  
No problem... I will come to you.

30 years experience of classic hairdressing; honest; and friendly.  
Uckfield and surrounding areas.

Uckfield Farmers' Market Luxford Car Park from 9am - 1pm  
First Saturday of every month

**Isenhurst Health Club,  
Bell Lane, Uckfield  
Tel: 01825 749496**

**Get fit for the diving season,  
Lose weight, Feel good.**

Free parking is available at all of the markets above.

## Red Sea Dive Site Name Dictionary

Everybody who's been diving in the Red Sea probably once or twice wondered what the name of the dive site actually means. Some dive sites have English names but they also have an original Arabic name. Believe it or not but Elphinstone is **not the original name, it's Sha'ab Ruhr Abu el Hambra. This refers to the red mountain on the main land that can be seen from the reef.**

Abu - Father	Helwa - beautiful
Dahra - Straight line	Kafan - deep water
Erg - Pinnacle	Kebir - big
Eshta - cream	Malag - Bend/Bay in the reef (spoon)
Eroug - Pinnacles (plural)	Marsa - Open bay with coral reefs on each side of a sand beach
Fanadeer - Rocks on top of reef	Ras - Head (Peninsula)
Fanous - beacon	Soraya - small
Fasma - Channel through one or between two reefs	<b>Sha'ab - Coral/Reef</b>
Foug - Up/Upper	<b>Sha'ab Ruhr - Reef close to.../Extension of the reef</b>
Gammar - moon	Sharm - Open bay with coral reef all the way around
Ganoub - South	Shemaal - North
Gebel - mountain	Taht - Down/Lower
Gota - <b>Piece of...</b>	Torfa - <b>Tongue of reef...</b>
Habili - Reef not reaching the surface	Um - Mother
Halk - Bay with only a small opening in the surrounding reef	Quais - good
Hambra - Red	Wadi - valley
Hashish - sea weed	

### Kit Maintenance

The 2012 dive season is coming to an end, so make sure you check your kit is all ok, and check that the **servicing on your kit up to date. Don't forget to double check your kit before you dive** - all the clips and carabineers that we love so are in place and work.

Much need to be cleaned before putting away over winter - a build up of salt can cause havoc look after the kit and it will look after u check the **O-rings on your camera housing and torches, you don't want them to flood!**  
**The most important tip of all: Be safe and enjoy your diving!**

**Gear Gulper Dive Box - £27.50**

The perfect accessory for the diver who has everything. (£30 for non-members)

## Northern Diver Equipment

### Mini Quest - £47.50

Our powerful Mini-Lux 'long-burn' underwater LED torch is now even brighter, with an up rated 230 Lumens output.

The NEW Mini-Quest has an 8.5 hour total (continuous) burn time, using specially developed 'variable output' technology.

(100% 'full power' output for 3.5hrs which then gradually decreases over the remaining 5hrs burn time)

It also features a rear mounted magnetic on/off switch, for easy underwater switching and it is supplied 'complete' with 4 x AA batteries.

Colours: Black, Red, Grey, Blue

### Luxeon - £45

State of the art Luxeon LED diving torch with 180 lumens output.

Tested to 95 metres depth this torch has a 19 hour burn time.

The aluminium LED housing provides heat dissipation ensuring maximum LED performance.

### Varilux - £170

This is the most powerful, feature packed, hand-held diving torch in its class. Combining superior engineering and incredible performance, with a cutting edge 'wireless' charging system and a unique 'variable output' magnetic switch. Manufactured from hard-anodised, aircraft grade aluminium and O' ring sealed throughout, this torch has a depth rating of 100m.

The 'slide' style magnetic switch, remotely controls its variable output from 50-1200 Lumens, without compromising water resistance and with a 2 hour continuous burn time (on full power) and a huge 60 hours burn time at 50 Lumens output, the unique variable technology of this diving torch really does provide just the right amount of light, exactly when you need it.

### Knife - £30

A fully adjustable sheath fits the position of choice on the diver's BCD. A snap-closure ensures the knife is securely held while providing an easy press-button release.

The titanium blade offers a serrated top edge and a sharp lower blade.

Finished in fluorescent yellow for easy visibility.

75mm Blade Length.

### Scuba 2000 Log Book.

The perfect accessory for the diver who has everything. **Just £15 (non-members £17.50)**

Also great as a Christmas present!

# Poseidon Equipment

## Trident Fin - £135

Short rubber fin for the technical diver.

Ideal for those who prefer a rigid rubber fin. Stainless steel strap for easy on and off. One of the shortest fins of its kind with an edge on the side for manoeuvrability. Highly popular among technical divers.

Colours: Black, Red, Grey, Blue

## Sports Fin - £150

High force, light weight, travel-friendly fin.

In collaboration with Mares, Poseidon launches its new, light weight Sports Fin. Featuring a quick release strap system, the fin is very flexible through its combination of PVC, rubber and silicone. The fin gives high forward force. Available in the One Series colours.

Colours: Black, Red, Grey, Blue

## Cyklon Reg - from £750

Use either way up, Robust, durable, Approved for cold water diving, Reliable high performance.

Introduced in 1958, the Cyklon was the first regulator in the world with a single hose and the demand valve situated at the mouth, and set a new world standard for diving regulators.

Model: Plastic/Black, Metal

## Xstream Reg - from £800

The regulator of choice for demanding divers using air or trimix O2 Certified. Outstanding performance and certified to 200 metres.

Model: Black, Green and Yellow

## Technica Mask - £70

Classic mask with ultra low volume. Very popular among technical divers and free divers.

Colours: Black/grey

Material: A compact mask with rubberised surface and double-glass

## Phantom Mask - £50

Poseidon's double-glass mask. Designed for best possible view area, a silicone mask that fits most faces. Flexible neck strap buckle for comfort.

Colours: Black, Black/Yellow

Material: PVC and silicon

Power 18 LED - £125

Uses the very latest LED technology to give a stunning 18w output.

Powered by 4 ordinary AA batteries it has an 18 hour burn time.

The LED used in this torch has an average life of 50,000 hours.

Depth rating 200M.

Power 40 LED - £192

Uses the very latest LED technology to give a stunning 40w output.

Powered by 4 ordinary AA batteries it has an 8 hour burn time.

The LED used in this torch has an average life of 50,000 hours.

Depth rating 200M.

Power 50 LED - £230

Uses the very latest LED technology to give a stunning 50w output.

Powered by 4 ordinary AA batteries it has a 3 hour burn time.

The LED used in this torch has an average life of 50,000 hours.

Depth rating 200M.

### Resuscitation Mask £20

For the administration of oxygen or as a barrier for use in mouth to mouth resuscitation.

Inspiratory resistance - 0.3cmWg @15 l/min

Expiratory resistance - 0.3cmWg @15 l/min

### Diver's Slate

Ergonomic dive slate with three accessible pages, allowing the diver to store and record substantially more information than regular slates.

Includes pencil on elastic cord plus pencil storage point.

Designed to fit comfortably on the wrist over a wetsuit or Drysuit. £12

### Delayed SMB

Product features

- Tubular shape
- 1.3m long
- Weighted self-sealing opening
- Transparent light-stick sleeve attached
- Manual dump valve
- Additional Lp/Oral inflator valve
- Velcro stowage strap with clip

£30 - Orange or Yellow available

### Arctic Black Supervent Hood

Product features:

- 5mm skin/skin neoprene
- One-way flow SuperVent to minimize trapped air
- 3 mm latex smooth skin face seal

SuperVent ensures there is no trapped air in the hood thus providing comfort. £29

### Universal Hangers

New innovative multi-function wetsuit hanger. Ensures wetsuits are hung securely to prevent damage. Allows air to freely circulate the suit when hung for storage. Can also be used to hang a BCD with hooks for hoses and other scuba equipment.

£15

## Mach II Turbo Fins - £59

The revolutionary Mach II Turbo Fins provide performance and style and were rated highly by Dive magazine and Sport Diver magazine. They are extremely efficient and easy to use.

Features:

- Horizontal split-blade for more thrust with less effort
- Quick-release swivel fin strap buckles
- Unique Thermoplastic compound
- Manufactured from high quality rubber for long life
- Ergonomically designed boot pocket
- Designed specifically for use with dry suit boots

Size Guide:

M - Shoe size 9 and below

L - Shoe size 10+

## KN14 Titanium BCD knife

3" serrated Titanium blade with quick-click easy-release system. Supplied complete with plastic sheath. Ideal BC knife.

RRP: £35.00

Our price: £24.99

## Northern Diver Ruck Sack - £15

- Multi-pockets-
- Main compartment
- Front pocket
- Side pocket
- Mesh outer pocket.
- Padded back
- Padded adjustable shoulder straps
- Mobile phone mesh phone holder built into shoulder strap
- Top lifting loop

## Northern Diver Voyager Mini - £34

The Voyager Mini is designed to fit most major airline's overhead lockers and works perfectly as a carry-on bag/hand luggage.

## The newly designed Cressi Matrix frame - £40

A very streamlined and ends up being completely invisible when the mask is worn. The top part of the mask has strong grip rubber material inserts, for a great look. The soft silicone skirt has a new profile and a broad seal ring for excellent waterproofing and comfort without precedent.

The internal volume of the mask is exceptionally low, lower than many well-known scuba-diving masks and the weight is also very moderate. Two pressure buckles integrated into the frame make strap adjustment quick and precise. This new design strap has a very broad purchase on the neck for magnificent comfort.

## Scuba 2000 Log Book.

The perfect accessory for the diver who has everything. **Just £15 (non-members £17.50)**

Also great as a Christmas present!

New to the Northern Diver bag range is the amazing Voyager 12X  
- with an included free Computer Safe! - £69.00

Bag Features:

- Manufactured from heavy-duty long-life Cordura
- Complete with V1 Briefcase Bag & Computer Safe
- Zip-off padded lower front rucksack bag
- Very strong retractable flush-fitting top handle which locks in place
- Supplied with a free Computer Safe
- Heavy-duty bottom handle
- Very big all-terrain heavy-duty wheels
- Supplied complete with two large angled fin pockets, capable of taking the largest fins available

Voyager 12:

Length: 80 cm

Width: 57 cm

Height: 25 cm

Voyager Mini:

Length: 39 cm

Width: 21 cm

Height: 51 cm

Volume: 25 Ltr

Rucksack:

Length: 42 cm

Width: 33 cm

Height: 7 cm

Volume: 10 Ltr

Cressi Moby Light Dive Bag - £79.00

This good sized bag with wheels is the result of painstaking research aimed at reducing the weight of the bag for use when flying, **weighing in at a mere 2.9kg.**

- With a careful choice of equipment it is now possible to take all your diving equipment with you whilst remaining within the 15 kg baggage limit imposed by charter airlines.
- Moby light is made from 420 denier nylon fabric which is light yet, at the same time, very strong; with a storage capacity of 85 litres.
- The single main compartment can be opened on three sides and is closed by a double YKK zip, ensuring easy access to the bag
- The reinforced pull handle is telescopic and fully retractable.
- The wheels can be removed and easily replaced in the event of breakage.
- There are two carrying handles: a reinforced one at the top and one with Velcro closure at the bottom.

### Super Stretch Gloves - £25

These gloves are manufactured from '4-way super-stretch' neoprene, reported to be the easiest of all our gloves to put on and take off.

Due to their extreme comfort, performance and ease of use, they rapidly became our top sellers.

For warmer water or surface use the 2mm option gives additional protection without compromising dexterity.

### Cressi High Stretch Gloves - £25

5-finger gloves made from single-lined soft, high-stretch neoprene.

The inside is covered in Metallite to make them easy to put on.

The preformed shape favours the natural position of the hand, with semi-bent fingers.

The entire surface is covered with a non-slip finish for a sure grip in all situations.

### N-Diver Optimum Gloves - £30

Available in 3mm and 5mm options, featuring Ti-Ax® Thermacote® heat-reflecting lining.

These outstanding gloves are manufactured from premium polymer, featuring DiamondFlex for superb protection and our Super-Tack embossed palms and fingers to improve control and grip.

A tight-fitting wrist seal is essential to minimise water migration but can make the glove difficult to pull on over your hand.

### Poseidon Proglove - from £36

5mm glove featuring a long neck with velcro strap to keep water sealed off.

Colours: Black

Material: Ultra-stretch and comfortable neoprene with high durability lining on palm.

Technical features: Long neck with velcro strap to keep water sealed off. Coated palm for long durability.

### Poseidon Flexiglove - from £31

3mm glove providing easy on and off with a slim fit.

Colours: Black

Material: Ultra-stretch and comfortable neoprene with high durability lining on palm.

Technical features: Easy on and off with a slim fit.

## Why become a club member of Scuba 2000?

There are many advantages to being a club member as well as being an excellent way to show your support for the club. For those who are new to diving, free temporary membership is offered. This is only for those on Open Water or 2 star diver courses. Scuba 2000 is a professional dive school AND a very active dive club for divers and non-divers alike.

Members receive many exclusive benefits, including:

- Free or greatly discounted workshops (Computer workshop in March)
- Monthly course special offers. Discounts for club members only, will not apply to non members
- Discounted pool practice sessions
- Discount on equipment hire (holidays & UK diving) & purchase of equipment
- **Full size photos' of yourself available on request.**
- Regular newsletters
- Competitions
- Social events, such as ten-pin bowling, cinema and 'The Dogs'
- Priority booking for all holidays and events
- Diving Buddies
- Dive leaders and Instructors to buddy and dive with
- Small dives groups
- For members on courses, kit hire is greatly discounted (see Karen) non-members full price. For Open Water, kit hire is included in the course costs.
- Use of our RIB boat (discounted rate). Weather dependent

All club members non diving family are welcome on all club events

A pool session with an instructor or dive leader for a Scuba 2000 member is £15 & for a non-member its £30

Full Kit hire per day for a member is £40, full kit hire for non-members is £60.

### Why Join our Club?

Joining our club gives you all of the benefits above plus it allows you to join other fellow divers and make the most of their enthusiasm and knowledge about the sport we all love.

### Membership Prices 2013:

Single Membership = £55.00

Family Membership = £85.00

Single membership 2 years £90

Family membership 2 years £150

**Don't forget, there is always new and ex-school kit for sale.**

Lots of goodies for you to buy - I deal birthday presents whatever the size.

- Small and Childs shorties new £25
- **Adult size 7mm 'semi-dry' suits**
- Dive watches from £50
- Open water fins from £20
- BC's from £20 - £200
- Regs from £100 - £300
- Pool fins £5 - £15

**Gift Vouchers are also available.**

- Masks from £25 - £50
- Snorkels from £10
- Fins from £25 - £125
- Boots
- Shorties
- Slates

For details & prices, just e-mail or call Karen.

- Back up (small) torches from £16

Divers Toolkit - All the tools required to perform equipment repairs. A must for all divers—£95.

## Scuba Kit ID Tags

Kit Tags so you can always identify your kit and others know its yours. We can personalise with your name/club/what kit it is; I.E. one for reg /bc/ tank etc. easy secured with a cable tie.

Club members £1.50 each tag engraved; none members £1.75

featured product

### Military Grade Natures Wing Split Fins

CAT NO: FIN-000A

Based on the same principle as nature uses to propel the mighty creatures of the ocean forward, the efficiency of the design ensures that increased power is delivered through the fins with less effort required from the diver.

The unique patented design allows water flow to interact with each fin blade producing independent thrust from each fin. The fins also produce thrust on each up and down stroke which improves the diver's finning efficiency whilst diving.

The polymer was developed to ensure a stronger fin action in strong currents. The elastomer has a soft feel with very good spring and retains its shape even in Arctic waters.

SIZES: M (5-7), L (8-10), XL (11-13)

£80

### X-Power Fin

CAT NO: FIN-2001

Twin blades joined with a soft inner section allowing independent movement of each blade.

Remarkable fins regarded as 'An absolute bargain' by Dive magazine tests.

- Powerful thrust with easy manoeuvring
- Twin blades joined with soft inner section allowing independent movement of each blade
- Comfortable foot pocket
- Adjustable fin straps
- Available in green, blue or black

SIZES: S/M (5-7), L/XL (8-10), XXL (11-13)

£30

### Military Jet Fins

CAT NO: FIN-JETFIN

All Northern Diver fins are developed for maximum endurance.

- Our ultimate Jet Fins are manufactured from high quality rubber.
- The original and most popular fins for commercial and military use
- Very powerful propulsion
- Perfect for wrecks and caves

A conservative black design gives the fins and understated look, it doesn't need to shout to show it works!

SIZES: M (4-5), L (6-7), XL (8-9), XXL (10-11), XXXL (12-13)

£40

## Leonardo Dive Computer - £165 (rrp £190)

The Cressi Leonardo dive computer is Cressi's first in house designed fully functional dive computer. Compatible with both air and Nitrox mixes it also comes in a range of colours.

The single button ensures simple menu navigation whilst the large clear display makes it very easy to read. Audible alarms alert the user to important information and the backlight makes the details clearly even in low light conditions.

The user changeable batteries help to keep maintenance costs down and prevent periods of down time whilst the battery is replaced at a service centre.

## Cressi Travelight - £200 (was £235)

This jacket has been specifically designed for those who travel by plane as it is the result of painstaking research on the most suitable materials for reducing weight to a minimum (5.5Lbs or 2.5Kgs for size M).

It has exactly the same characteristics as the Flex in the sea model but with the addition of the integrated Lock Aid weight system.

Nothing has been left to chance in the search to achieve a record weight, beginning with the choice of the material, a 210 denier nylon which is light yet very strong.

- The back is soft and padded and has a rear rubber area with a strong grip and a double strap to safely block the tank.
- Two generous zip up pockets allow stowing of even bulky accessories.
- On the back of the jacket two lead pockets allow for perfect distribution of the weights between these pockets and the Lock Aid integrated weight system.
- The control for the rear release valve has been placed at the front, on the lower right hand side of the jacket.
- All the D-rings are made from a light alloy.
- Travelight can be folded up in just a few seconds and fastened with a special retractable strap so that it can be stowed easily in its own carrying bag, which has a shoulder strap.

**Travelight's very light structure and its anatomical shape make it a** very tight-fitting and streamlined jacket once underwater and it offers very little resistance to forward movement.

# I HMP CPR & FIRST AID PROGRAM

Basic Life Support Education for Anyone!

Anyone from any background will benefit from this program; and a must course for all divers.

You will Benefit greatly and gain confidence to deal with Emergency Situations.

The IHMP Diver CPR & FIRST PROGRAM IS UNIQUE.  
Being the Only program of its kind written specifically for divers only,  
concentrating on General Accidents and Diving Industry Specific Risks  
and Hazards.

At Scuba 2000 safety is our number one priority.

MFA AED and O<sup>2</sup> £200 + cert card

MFA refresher £75 +cert card

## AED Units and Training Programs

AED Units are here at Scuba 2000 and we now have our "Live" unit as well as a training unit.

Life Saving Technology within the Reach of Everyone

I HMP Medical Training

Defibtech has designed a revolutionary new semi-automatic external defibrillator, from the ground up. Technologically advanced enough to include all mission critical features necessary to provide the most **advanced treatment for 'Sudden Cardiac Arrest'**; yet so simple and unintimidating to use that even non-medical personnel can effectively save lives.

LIFELINE AED Semi-automatic Defibrillator

The Lifeline AED meets international standards including:

CCE / CE and UK HSE plus recommendations from the AHA American Heart Association.

The Lifeline AED defibrillator uses advanced biphasic technology including the most studied biphasic shock waveform and automatically adjusts the shock delivery to the **injured person's** individual needs. For first response professionals like police, fire and EMS, the Lifeline AED is standard equipment. It increases the chance of survival from 5- 10 % to around 85%

Air Cylinder - Non-Member £15 per day

Above excludes first air fill.

Please note: All kit must be returned to the club in the same condition that it was lent out. Any loss or damage to hired kit will be charged at its current replacement value.

If you damage any equipment, you pay for the replacement of the item(s). We are now having to charge this due to increase in maintenance costs.

There will be UK Inland diving through out the year.

Book now to avoid disappointment.

The Scuba 2000 Dive Club meets every Wednesday (unless otherwise advised). Come to the pool first if you like, then join us for a drink afterwards at The Highlands Inn, Uckfield.

**We believe that diving shouldn't only be about doing courses! It's about having FUN !!!**

Whatever level you've achieved so far, as soon as you've got that buzz from your new diving certification, we'd like to help to get you wet and develop your diving experience. We make regular trips into inland freshwater lakes and quarries, and sea dives around the UK (both from the shore and from boats), as well as our trips to warmer waters further afield.

**Here at Scuba 2000, we believe diving is about people, and their safety comes first. It's a very individual sport, and yet it's very social. So we recognise it's about you, and your buddies.**

We limit the number of people diving so that we can give people better quality of service and safer diving.

Our trips away always fill fast and we have lots of you booking for trips in 2013 already.

Book soon to avoid missing out on some great diving.

**We're on the web!  
Were on the web!
